Prosecco NV

*Our new release Prosecco doesn't take itself too seriously
but perhaps it should.*

*Premium Alpine Valley Prosecco is used in this new fun, delightful fizz .
It is a welcome addition to our Footsteps range*

Variety	Prosecco
Source	Alpine Valleys
Colour	Clear pale straw.
Aroma	Creamy baked green apple and pear.
Palate	Citrus and nashi pear drop flavours carrying lively sherbet acid which balances the wine and maintains freshness while drinking..

Service and Cellaring

A fresh spritzzy wine made to be enjoyed now. This is a wine for all occasions but best served as an aperitif .

A perfect match for cured meats and fruit driven appetizers such as prosciutto wrapped melon .

Technical Data

Alc 10.9%

Winemaker Notes

The Prosecco grapes are picked early to maintain maximum freshness and acidity then cold fermented and left on yeast lees to add a small amount of richness and then processed using the charmat method favoured by many Prosecco producers
